

Hi Friends,

<https://www.wevideo.com/view/1624563390>

I hope you enjoy this short clip...I certainly do. For one I learned something about me...I makes faces as I speak...and I somewhat lisp...I thought I could blame it on my accent, but I think I that is actually go off on a tangent.

Scripture speaks of the gospel of Jesus as a mystery, a mystery that is now revealed but is still unfolding. The glory of Jesus revealed but is still being revealed. It is somewhat like a puzzle, we have all the pieces and the rather small picture of the box. As we open the box and begin to put some pieces together, we soon find that the puzzle is much bigger. It is an adventure of sort nonetheless, as we see details being revealed to us, previously unnoticed from the picture. And yet, all we need is there...As you grow in love and understanding the mystery of Christ keep on looking for more pieces of the puzzle to fit into what you have already.

I also would like to share a couple of prayer request

Please pray for the oldest daughter of Steve and Cheryl Mitts, Raelene, who is still in New Zealand and is trying to come home.

Please pray for the many people, around 11 million Syrians who are displaced due to the war. The millions of people in Yemen who are facing the effects of five years of war. I could add many other places who seemingly have been forgotten by our News outlets, but not by God.

Please pray for the many Bible Schools and Camps who had to send students home and face financial uncertainties.

Please pray also for the churches in Camrose, some of which face the same challenges.

Please give thanks for our situation. We are at a place where we could be a blessing to others.

Your friend

Manfred
